NOTE: This verification shall be read in conjunction with the full test report(s).
This is the result of tests carried out on those samples of the product referred to above which were submitted for testing, in accordance with the specification for the respective standards. The sample(s) of the tested product has been found to comply with the relevant standard/specification to the directive(s) listed on this verification at the time the tests were carried out.
This document is a template for reference. The verification of conformity shall be issued under the sole responsibility of the manufacturer. The manufacturer according to definition by UK Statutory Instruments may indicate compliance to said UK Statutory Instruments by signing a VoC himself and applying the UKCA-marking to products identical to the tested sample(s). In addition, the manufacturer shall file and keep the documentation according to the rules of the applicable UK Statutory Instruments and shall consider changes of the standard(s) if relevant. Additional requirements may be applicable such as additional UK Statutory Instruments or local laws.

The 'UKCA' marking shall take the following form:

UK
CA

The 'UKCA' marking must be affixed to the products or to its marking plate. Where this is not possible or not warranted on account of the nature of the products, it must be affixed to the packaging, if any, and to the accompanying documents.
